TWIC CARD EXPIRATION DATE

---

DATE OF BIRTH (MM/DD/YYYY)

- All access control / ID cards are to be used for entry into the Port of Stockton for business purposes only. Any exceptions to this must be cleared through the Port Police prior to entry.
- Vehicles entering the Port of Stockton must show an access control / ID card for all persons in the vehicle. Only TWIC holders are allowed unescorted access to restricted areas. All others must be escorted by a TWIC holder trained in the escort regulations.
- All access control / ID cards are to be returned to the Port Police immediately at the conclusion of the applicant's employment.
- Both the Employer and the Applicant agree to abide by all of the Port of Stockton rules and regulations, The Department of Homeland Security / U.S. Coast Guard regulations 33CFR 105.255 – Maritime Security Facilities. As a reminder, individuals granted unescorted access should carry the TWIC card on their person when they are in the restricted area. Upon request, the TWIC card must be available for inspection within ten minutes.
- Only one vehicle at a time is allowed through automated gate. Following a vehicle through the gate (piggy backing) without using an access card is prohibited and grounds for removal from the Port and/or revocation of the access card.
- The Port of Stockton retains the right to revoke the access control / ID card at any time should there be a violation of this agreement.

I (Employer and Applicant), agree to comply with the above listed provisions and understand that a violation of this agreement will result in revocation of the Port of Stockton access control cards.
