Port Tenants:

In accordance with Government Code Section 7072, the Port of Stockton Police Department has prepared its annual report on the Police Department's use of military style equipment. Section 7072 went into effect in 2022, with the first required annual report being in 2023. According to the Government Code Section, the only piece of equipment used by the Port Police Department that fits the definition of "military style equipment" is our patrol rifles.

Included with this letter is a copy of the annual report. This report has also been posted on the Port Police Department's webpage.

In accordance with Government Code Section 7072, on Tuesday, March 19, 2024 at 1:30pm the Port of Stockton Police Department will hold a short meeting, open to anyone interested, to address any questions regarding the attached report. The meeting will be held in the Police Department Fusion Center Meeting Room, 17 Fyffe Ave. (located directly adjacent to the TWIC Office just north of the West Gate Guardhouse). This is **not** a mandatory meeting for Port tenants, just an opportunity to meet if you would like to ask any questions regarding this report.

Sincerely,
